## APPENDIX A

### Optional: Spectrum's Chromebook Insurance Plan

Spectrum High School is offering Chromebook insurance for students taking part in the 1:1 Chromebook program. The insurance is optional; however, **families without insurance will be responsible to pay full costs for repairs or a new replacement should damage/loss of device occur.**

**Insurance cost** per Chromebook is \$30 per school year. Families with two or more children will not have to pay more than \$50

**By electing not to purchase insurance, parents may be required to pay up to the full replacement cost of a Chromebook for any repair or replacement of damaged or stolen Chromebooks in the care of their students.** Below is a summary of Chromebook replacement costs.

#### Non-Insured Cost estimates:

- Damaged or broken screen may cost up to \$120 depending on parts needed.
- Replacement cost for a new device is \$300-\$350.

#### Insurance Costs:

- An incident fee will be charged every time a hardware repair is required from accidental or intentional damage or irresponsible use/care of device. This fee is issued to encourage proper use and, also, to help offset repair costs.

1st Incident Fee	2nd Incident Fee	3+ Incident Fees
\$15.00	\$25.00	\$50.00 *Privileges may be reduced

#### To purchase Insurance

Families can purchase insurance up to 15 days after a student receives their Chromebook. Insurance is valid after payment has been received. To purchase insurance, login to the [Infinite Campus Parent](#) portal.

Students should report a damaged or missing device to the IT dept. as soon as possible. A loaner device may be given to the student to use while their Chromebook is being repaired or replaced. If the Chromebook requires a repair or replacement, parents will be notified and costs associated with the incident will be assigned as a fee on Infinite Campus.
