Thank yous - A big thank you goes out to our middle school staff for their teamwork and extra effort in ensuring that our students continue receiving a quality education during a number of transitions this school year. A big thank you also goes out to our students for their positive attitudes and patience.

### **SOCIAL MEDIA CHANGES**

In 2023, organizations are continually adapting to meet people's interest in staying current through social media. Social media can be overwhelming for people depending upon the number of organizations and individuals they like and follow. In addition to Spectrum's general social media pages, found at the top of the school's homepage [here](#), Spectrum is trying to better target audiences who have a particular interest in athletics and other activities. This includes information on the schools webpage [here](#) and social media links targeting athletics:
