

Senior Project is designed to allow students to demonstrate the skills they have developed throughout their education in a creative and independent manner.

In Senior Project, each student will answer the Essential Question “How can I use my career direction, interests, or skills and abilities, to create a product or experience that will provide a learning stretch and potentially benefit the community?”

Students had the opportunity to choose an area of interest, conduct in-depth research, and demonstrate problem-solving, decision-making, and interdependent learning skills. Students presented their projects to a panel of judges from the community in January. Based on the scores from their project and their presentation, scholarships are awarded.

This project contributes to a strong senior year of challenging courses and practical experiences that prepare Spectrum’s Seniors for the next step in the workplace or when pursuing further education.

Class of :

2009 \$ 1,550.00

2010 \$ 1,500.00

2011 \$10,263.00

2012 \$ 3,155.48

2013 \$ 5,809.47

2014 \$12,734.85

2015 \$ 8,222.25

Total \$43,235.05
